EDUCATION

LOUISIANA STATE UNIVERSITY **May 2027**

B.S. Industrial Engineering *GPA: 4.21/4.3*

EXPERIENCE

PEPSICO **June 2026 – August 2026**

Supply Chain Engineer Intern *Buena Park, CA*

- Built an automated inventory alert system using Power BI and Power Automate that monitored 3000+ SKUs across 66 sites in 5 West Region markets, eliminating 150+ hours of manual reporting annually
- Designed a waste-focused inventory management tool that helped reduce overall days on hand by 5% through improved visibility across 200,000+ inventory records
- Developed a waste performance tracking tool that drove a 10% reduction in warehouse out-of-date inventory by streamlining KPI monitoring

BBP SALES **Jan 2026 – May 2026**

Application Engineer Intern *Baton Rouge, LA*

- Evaluated technical specifications to recommend instrumentation from 35+ manufacturers, reducing quote turnaround time
- Processed 700+ quotes and customer orders with 99% accuracy, streamlining high volume workflows across a 10+ state region

TEXTRON SYSTEMS **Jun 2025 – Aug 2025**

Manufacturing and Maintenance Reliability Engineer Intern *New Orleans, LA*

- Performed cost-benefit analyses to implement projects that support production, increasing efficiency by 8% and an annual savings of $84,000
- Implemented barcode-based inventory tracking for 1000+ parts, equipment, and assets to reduce inventory lookup time
- Updated AutoCAD layouts for 2 production areas, increasing clarity and accessibility for all users

INDUSTRIAL ASSESSMENT CENTER **May 2024 – May 2026**

Industrial Sustainability Engineer Intern *Baton Rouge, LA*

- Conducted 20+ assessments for manufacturing and commercial facilities, implementing $300,000 in savings through analysis of energy and wastewater systems

LSU ENGINEERING OFFICE OF DATA ANALYSIS **August 2024 – May 2026**

Student Data Analyst *Baton Rouge, LA*

- Analyzed 21,000+ student records using JMP, Tableau, and Excel to develop dashboards that determined causes of university withdrawal
- Coordinated 10+ engineering campus events serving 4,000+ students, collaborating amongst 5+ student organizations to promote diversity and inclusion

LEADERSHIP / VOLUNTEERING

TAU BETA PI **May 2025 – May 2026**

Recording Secretary *Baton Rouge, LA*

- Managed membership records for 100+ members, serving as a liaison between executive board and chapter members to improve communication and engagement
- Coordinated 10+ professional development events with industry partners to expand networking opportunities for engineering students

LSU COLLEGE OF ENGINEERING **May 2024 – Present**

Big Sibling *Baton Rouge, LA*

- Mentored underclassmen engineering students through monthly advising sessions, providing guidance on coursework, career planning, and interview skills

VIETNAMESE STUDENT ASSOCIATION **April 2024 – May 2025**

Webmaster, Cuisine Staff *Baton Rouge, LA*

- Increased website engagement by 20% by redesigning 10+ pages to improve visibility and accessibility
- Collaborated with a 50-member team to efficiently execute a leadership retreat for 100+ attendees, managing a $5,000 budget

REHAMS / XCITE **May 2024 – July 2025**

Camp Counselor *Baton Rouge, LA*

- Developed and led 5+ engineering programs for 30+ high school students, fostering teamwork and STEM engagement

ADDITIONAL

Certifications / Training: Lean Green Belt, Microsoft Office

Awards: Innovation Elite Award, Pegues Award, Flagship Scholars Resident, President's List, Dean's List
